

Visual Acuity

Branches: Cape Town Bldng 3, Parc du Cap, Mispel Str, Bellville • Tel 021 945 1440 • Fax 021 945 1146
West Coast 1A, 13 Main St, Vredenburg • Tel 022 713 2163 • Fax 022 713 2392

INSTRUCTIONS
TO PATIENT

1. Stand 3 meters (approx. 3 large steps) away from test.
2. Cover any eye and read all the numbers from Left To Right (with distance spectacles if you have).
3. Cover the other eye and repeat each line from Right To Left.
4. If you cannot read all the rows clearly with any eye, further examination is necessary.
5. Do not rely on this test alone for vision screening, as distance visual acuity may be normal in the presence of other ocular abnormalities!

Visual requirements

Snellen acuity

2 8 3 5 4 7

6/18

7 4 6 2 8 2 1
